

When I had finished the Third Part of my Catalogue, (in 1832), I really believed that it would be the last effort of my pen, and with great sincerity called it my Valedictory Volume. Finding, however, that my Library was increasing by slow and insensible degrees, and soon afterwards observing in the Gentleman s Magazine, a kind notice of my Labours, with an Editorial Hint, that an Index, and a Portrait of the Author would be acceptable, I judged that I might as well employ the residue of my leisure, in trying to make up another Volume, with such fresh materials as I had collected, and including the requisites above mentioned.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
