It draws from a case study on a large law enforcement operation (â€œOperazione Subgroups are a natural occurrence in criminal networks. The mafias are a clear example of large organized crime groups, often composed of organized criminal groups are organized in different ways. There have been many studies of criminal groups, and many have found them to be loosely. This case sheds light on how organized criminal groups can build mutually beneficial relationships. It also demonstrates the role of brokers in facilitating.
