

“We mortals operate on wave lengths from the Universal, the Trinity; these are our life waves. They are distributed, one wave from each of the ruling suns. Each of our waves is on a set length or frequency; the blending of the three waves is the Power. This sets the pattern of our individual frequency. It is the source of our personality, our identity and it is as distinct and individual as our own finger-prints. “On the strength of our wave we, similar to a planet, operate by our magnetic field through the medium and receive the knowledge we need from the vast pool of wisdom. It is given to us for our use, impartially and unstintingly, to the capacity of our desire and application. The Universal Power has no restrictions for any man but recognition of the Power in operation and obedience unto it. “The intelligence in operation proves itself over and over again. It gives inspiration to the mind. We remain confused and drugged by many laws and are, therefore, not open to accept the wisdom from the Power of Powers. To obtain knowledge we must seek it and then our vibrant field opens to the vast pool of wisdom.”

CONCLUSION “We accept without question the influence of the moon on tides; we never dispute the movement of the sun and the planets controlling the changes of the seasons; we accept the magnetic electrical field governing planetary action, but we are usually skeptical that the sun and planetary movements influence our personality and affairs. Since we are only another form of creation why should they not regulate or affect us, too?”
