

This unique book tells the story of Indian polo from the earliest incarnation of the modern game in Manipur right up to the present day. From the British tea planters and army officers in India who first witnessed the game in the early 1800s to the Indian Army, which made an enormous contribution to keeping polo alive after Independence, this fast-paced and exciting sport has attracted a legion of loyal fans. Traditionally a royal sport, the Indian princely states of Patiala, Jodhpur and Jaipur did much to advance the popularity of polo in the early twentieth century, producing some truly iconic players. In the 1980s the sport was revived by another princely state Udaipur.
