

A Cold War legacy ignites a red-hot wave of terror . . . DEADLY AWAKENING A decades-old KGB campaign involving sleeper assassins planted in each of the fifty American states has been activated by a dedicated Soviet hard-liner whose vision demands a long-overdue day of reckoning. The carnage mounts as waves of violence light the fuse to a third world war. But someone from the bad old days has a list of names and codes; Burke Barnum is a traitor to his American government, but hes Mack Bolans last hope for nailing Jasha Seriozha and his Soviet moles. With his prisoner in tow and a beautiful Russian agent riding shotgun, Bolan races to defuse these human time bombs -- before everyones luck runs out.
